Phone: +91 8303899741 | Email: amitttsingh56@gmail.com

Address: Sant Ravidas Nagar, Bhadohi, Uttar Pradesh – 221314

OBJECTIVE

Motivated B. Tech Information Technology student with hands-on experience in AI, ML, Cybersecurity and Web Development through internships and academic projects. Strong foundation in data structures, computer networks, DBMS, and machine learning. Seeking an entry-level Software Engineer, AI/ML, or Cybersecurity role where I can apply my technical skills, solve real-world problems, and contribute to innovative technology solutions while continuously learning and growing.

EXPERIENCE

AICTE Intern – Lenovo LEAP NextGen Scholar Program (Remote) [Cert.] Jun – Jul 2026

- Completed a 6-week AICTE internship on “AI-Driven Web Application & Product Development,” a CSR initiative of Lenovo implemented by BharatCares in association with AICTE.
- Integrated AI capabilities into web applications and product development workflows through hands-on development.
- Recognized for dedication, commitment, and strong learning ability upon successful completion (Certificate ID: 6388789).

Cyber Security Intern – CDAC Noida (Remote) [Cert.]

Jul – Aug 2025

- Completed training in Ethical Hacking and Penetration Testing.
- Performed vulnerability scanning, reconnaissance, and basic penetration testing tasks.
- Applied cybersecurity best practices for system analysis and report preparation.

PROJECTS

Low Light Image Enhancement using MIRNet – Minor Project [GitHub]

Jan 2026

- Implemented a deep learning-based MIRNet model to enhance low-light images.
- Performed image preprocessing, model training, and inference on low-light datasets.
- Improved image brightness, contrast, and color while preserving texture details.
- Technologies used: Python, TensorFlow, OpenCV, NumPy.

Bus Wali Playlist – Travel Music Web App [GitHub] [Live]

Aug 2025

- Built a responsive music playlist web app with HTML, CSS & JavaScript featuring categorized travel modes and YouTube integration.
- Implemented dynamic playlist switching and interactive controls for seamless music playback.
- Deployed on GitHub Pages with a responsive, user-friendly UI optimized for mobile and desktop.

EDUCATION

Bachelor of Technology (Information Technology)

2023 – 2027

Rajkiya Engineering College, Bijnor

CGPA: 7.93

Relevant Coursework: Programming in C, Java, Python, Operating Systems, DBMS, DSA, Computer Architecture, Computer Networks.

HACKATHONS

RIFT '26 – Pan-India 24-Hour Open Innovation Hackathon [Cert.]

- Participated in RIFT '26, a 24-hour open innovation hackathon by PW Institute of Innovation held concurrently across Bengaluru, Pune, Noida, and Lucknow, competing alongside 2,000+ developers nationwide.
- Collaborated in a team setting under time constraints to design and build a working solution within the hackathon timeframe.

SKILLS

- Machine Learning & Data Analysis:** Machine Learning, Data Analysis, Scikit-learn, Pandas, NumPy
- Cybersecurity:** Network Security, Kali Linux, Wireshark, Nmap
- Programming & Tools:** Python, SQL, Data Structures & Algorithms, Git/GitHub
- Soft Skills:** Teamwork, Problem Solving, Communication, Time Management, Adaptability, Critical Thinking, Analytical Thinking.
- Extra Curricular:** Volunteered as a Student Educator at Koshis Foundation, teaching academic subjects to local school children to improve their learning outcomes.
